Dear **Sourabh Kumar** ,

As you embark on your journey towards professional growth, we have outlined a set of tasks that will enhance your skills and provide you with valuable hands-on experience. Please read the following tasks carefully and complete them within the next 30 days:

1. Develop a Portfolio Website for Yourself:

- Utilize the skills you acquired in Step 2 to design and develop a portfolio website.
- Showcase your previous work, skills, and achievements to highlight your capabilities.

2. Learn How to Host a Website & Get Free Web Hosting from Gauravgo:

- Research and learn the fundamentals of website hosting.
- Avail yourself of the opportunity to acquire free web hosting from Gauravgo

3. Host the Developed Website & Share its Link on All Your Social Media:

- Host your completed portfolio website using the free web hosting provided.
- Once live, share the website link on all your social media profiles to showcase your work to a wider audience.

4. Submit Your Final Work with Us:

- A separate Google Form will be shared with you to submit your final portfolio website.
- Provide all the necessary details and ensure that the link to your hosted website is included.

5. Share the Internship Opportunity with Your Friends:

- Help us reach more talented individuals by sharing details of this internship opportunity with your friends.
- Encourage them to apply and join our internship program.

We believe that these tasks will not only contribute to your personal and professional growth but also provide you with tangible evidence of your achievements during this internship.

We look forward to witness your progress and success throughout this journey.

Sincerely,

Rohit Singh

Chief HR Manager
Gauravgo Games Technologies Pvt. Ltd.
